PUBLISHER'S NOTICE TIHIS WORK was commenced in November being that it could be comprised in one thousand ness transnoted. four hundred pages, and would occupy two years. Many unlooked for obstructions, chiefly of a typu- mercial places in Europe, India, Australia, graphical nature, materially retarded the progress America, China and Japan, of the work in the first instance, and these being oversome, the author discovered that he had underestimated the extent and the importance of the vast task he had undertaken, and that would occupy fully double the time and space which he had at the outset computed. The publication of a work of such magnitude. U INCORPORATED BY ROYAL CHARTER.

and presenting so many and such raried obstacles. seldom falls to the limited res urces of one single individual, as occurs in this case. The first part of the work is now issued, partly at the request of the author and partly to afford the Foreign Community of China an opportunity of extending that assistance to the publisher, which under the circumstances is usually so freely accorded. The price of the book complete, will be \$30. and it will be published in four parts at \$7,50 gach. But this objection presents itself to the sale of the parts separately, should the purchaser of one or more parts not take the others, a number of incomplete, and consequently valueless, copies will be left on the publisher's hands. To remedy this objection, in consideration of the circumstances already alluded to, it is hoped that those who see fit to patronise the undertaking by purchazing the first part, will not object to signing an] engagement to take the remaining parts as they appear, or should they prefer it, to pay for the en-Missionaries supplied at Trade Price.
